

Susan Myket, Ph.D. & Associates

A Child, Teen, & Family Psychology Practice

Private Practice Volunteer Group Helper Opportunities Available

Susan Myket, Ph.D. & Associates is a family psychology practice in Naperville (Rt. 59 & IL-88). We are a teaching practice and regularly allow college and grad students to help in our therapy groups. The practice is looking for students **who are at least Juniors in a Psychology type Bachelor's program** and will give preference to those who have completed at least one year of masters/doctoral level training, are interested in working with children & adolescents, value group therapy, and are ready to provide supervised group therapy in a professional environment. This learning experience would require 1-4 hours per week for an 8-16 week block and would not be compensated. Students will support a PhD/PsyD/LCSW/Nurse Practitioner/Masters level group leader. We provide excellent supervision, feedback, practicum paperwork, and references when appropriate. This opportunity allows for an amazing, hands-on educational experience that is likely to be highly valued in future career placements. Our student helpers have often become practicum students who match with their first choice of internship. These individuals have landed placements at Yale Child Center, Harvard, & Nationwide Children's Hospital.

Most of our groups last 45-60 minutes, and children's groups include parent education. Practicum students will have the opportunity to engage the whole curriculum and possibly plan and lead portions of the group. Please let us know your availability for this time window. If you're not available right now, please express your interest in our upcoming groups.

To apply, please email the following information to Ashley Cedeno at cedeno@myketandassociates.com

- Name, School, Year in degree, Email & Phone w/ best days & times to call, CV/Resume.
- All Days & Times available & Group preferences – We may add other groups. (You may get to work with several groups per night so please rank your group preferences, and if there are groups/ages you are not comfortable working with.) For reference, visit our groups page on our website to view the currently running groups:
