

# Susan Myket, Ph.D. & Associates

---

A Child, Teen & Family Psychology Practice

## Postdoctoral Fellowship Program

**Susan Myket, Ph.D. & Associates** is a thriving clinical psychology practice in Chicago's western suburbs. Clinicians have dedicated offices, our intake department books initial appointments, while our billing company handles all insurance and financial matters, allowing clinicians to focus on the clients. Clients are most available after school, so therapists must be available to work weekday afternoons and some evenings. Saturdays or Sundays are available if desired, and could replace a weekday evening. We pride ourselves in being a warm, interactive practice where clinicians often work with different family members together. There may be long term opportunities at the practice for successful postdocs! Please visit [myketandassociates.com](http://myketandassociates.com) to learn more about the practice.

### Minimum Qualifications:

- Completion of accredited degree program requirements (PsyD or PhD)
- Experience with both therapy and assessment with children and adolescents
- Theoretical orientation includes CBT, ACT, and/or DBT
- Multicultural competence and ability to demonstrate implementation of such competence both clinically and among team members
- Strong communication skills
- Collaborative approach to clinical work

### Position Requirements:

- Full-time position (40 hours per week)
- Minimum of 20-clinical hours per week
- At least 2 evenings required
  - Additional evenings may be necessary depending on ratio of testing:therapy clients

1415 Bond Street, Suite 127, Naperville, IL 60563

630.355.9002 (P) 630.355.9012 (F)

[www.myketandassociates.com](http://www.myketandassociates.com)

### **Compensation & Benefits:**

- Salary: \$60-\$90 per hour (determined by licensure and level of experience)
- Medical, dental, and vision insurance offered to full-time employees
  - Medical stipend available to all employees
- Simple IRA Retirement Plan with 3% match
- Paid time off (PTO) is earned throughout the year and can be used at any time, for any reason
- Group malpractice insurance coverage
- Continuing education support & professional development assistance
- HIPAA compliant EHR, phone number, and email address
- Billing & administrative support
- Marketing & advertising provided
- Networking opportunities provided

### **Meetings & Supervision:**

- 2 days of onboarding and orientation with ongoing support as needed
- Weekly one-hour individual supervision with a licensed clinical psychologist
- Weekly one-hour didactic training/group supervision with entire practice
- Monthly one-hour clinical staff meeting
- Monthly one-hour in-person all-staff meetings

### **Clinical Training:**

As a large family psychology practice, we see clients who have a variety of presenting concerns, such as anxiety, depression, autism spectrum disorders, ADHD, OCD, oppositional defiance, adjustment to stressors, trauma, disordered eating, and learning disabilities. We offer individual therapy, assessment, group therapy, parent consultation, couples therapy, family therapy, and community consultation. The practice is well-respected in the community and clinicians quickly have a full caseload.

### **Assessment Training:**

Our Postdocs are also expected to conduct comprehensive neuropsychological assessments with our population. We expect Postdocs to have experience

administering, scoring, and interpreting a wide range of tests. Here is a glimpse of the testing materials at the practice currently:

- ADOS-2
